TECHNICAL SPECIFICATION

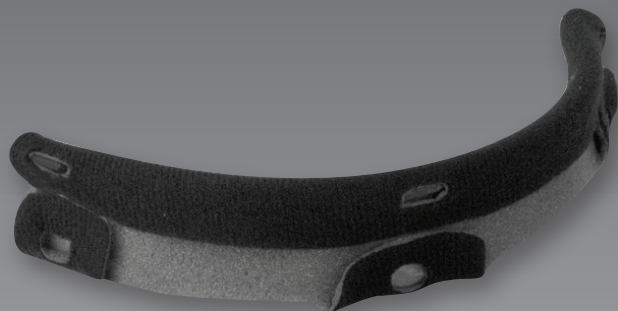

HEAD PROTECTION

ACCESSORIES

INSTRUCTIONS FOR USE

To fit a new sweatband remove the old one by splitting at the weld, taking care not to put stress on the harness

Place the hooks on the harness through one side of the new sweatband and then fold over and hook onto the other side of the harness to secure in place

DIMENSIONS OF PRODUCT

Weight: 2g (Approx.)

Height: 50mm*

Length: 245mm*

Width: 5mm*

*Note: Dimensions are of an unfolded sweatband

CLEANING & MAINTENANCE

The sweatband may be machine washed and refitted as required

It should not be cleaned with chemical or abrasive cleaners

It should be stored out of direct sunlight, away from chemicals and not exposed to extremes of temperature

LIMITATIONS OF USE

The sweatband is not designed to protect the wearer from falling masses

Protection will only be offered if the helmet and sweatband are fitted correctly

Any helmet subjected to impact should be replaced immediately

Do not apply paint, solvents, adhesives, or self-adhesive labels, except in accordance with instructions from the manufacturer

The attention of users is also drawn to the dangers of modifying or removing any of the original component parts, other than as recommended by the manufacturer

The harness and sweatband, when in contact with the skin may cause allergic reactions to susceptible individuals

If this occurs leave the hazard area, remove the helmet and seek medical advice

SWEATBAND FEATURES

Nylon with foam backing

Easily attachable to safety helmet

SWEATBAND:

Black Nylon Sweatband on an EVOLite® helmet with certificate and EC type examination marking to EN397 for the helmet
