

WELTED 6" GAUCHO REF. 6201059

GENERAL DATA

Family : Footwear Range : Workboots Business Countries

EMEA

Product Use:

Safety Shoes for Professional Use

New & Improved rugged lightweight design Take the weight off, keep the best in protection.

Professions:

Technical support and maintenance

Logistic, security and transport

Agriculture, Gardening and forestry

Construction managements

Heavy construction

Building and finishing craftsmen

Production and industrial sites

Engineering and management

PRODUCT ADVANTAGES

Feature:

Premium oiled brown leather upper Water resistant

Gusseted tongue

Composite toe cap

Comfort engineered ankle padding

Moisture management comfort lining

Anatomically contoured & removable foot bed

Antistatic textile anti-puncture midsole

Good year welted construction & Timberland PRO® antistatic rubber welted outsole

Benefit:

Premium oiled brown leather upper

Water resistant

Gusseted tongue keeps out job-site dirt & debris

Composite toe cap provides roomier fit at the front of the shoe & keeps the cold out

Comfort engineered ankle padding

Moisture management comfort lining keeps feet dry

Anatomically contoured & removable foot bed decreases foot fatigue & provides easy care

100% puncture resistance whilst remaining extremely flexible

Good year welted construction & Timberland PRO® antistatic rubber welted outsole ensures:

Increased durability

Slip resistance

Heat resistance up to 300°C

High resistance to fuel oil

Excellent shock absorption

Optimal abrasion resistance

TECHNICAL DESCRIPTION

Description:

Premium full grain black leather upper Water resistant

Gusseted tongue

Comfort engineered ankle padding

Moisture management comfort lining

Non metallic toe cap

Anatomically contoured & removable foot bed

Good year welted construction & Timberland PRO® rubber welted outsole

Sizes

UK sizes: 6-12 EU Sizes: 40-47

Additionnal Features:

HRO SRA

Color:

Pictos

ADDITIONAL INFORMATION

Life Cycle

If the footwear is supplied with a part of, or the whole sole unit made of polyurethane:

We advise that the footwear should be used in the limit of 3 years following the manufacturing date, which figures on the footwear. After this time limit, certain factors such as: exposure to sunlight, hydrometry, temperature changes, could cause a modification in the structure of the material, which would no longer maintain the same performance levels with regards to the requirements defined in the European Directive 89.686 CEE.

If the footwear is supplied with a sole unit made from a material other than polyurethane:

We advise that the footwear should be used in the limit of 5 years following the manufacturing date, which figures on the footwear.

Storage Information :

Footwear should be stored in their original packaging, kept in a controlled stock area, not subject to rapid changes in temperature or humidity levels.

Care Instruction:

After use leave your footwear to dry in an aired place away from heat.

Remove any excess dust or dirt with a brush.

Remove any marks using a damp cloth and soap if necessary.

Finally polish any grain or pigmented leathers using a commercially available shoe care product.
