☐ I confirm I have the authority to approve this artwork and have consulted all relevant parties.

Approved By: _____ Company: _____ Signed: _____ Date: _____

It is the customer's responsibility to approve the artwork, not JSP Ltd. Please ensure that Pantone colours or a colour match is provided to enable us to proceed. Colours will be matched to as best as possible, however, a pantone colour will provide a closer more accurate match. **Please be aware that colours on colour matches provided change, dependant on the paper media and printer type. Inks used during the printing process may appear a different shade depending on the colour of helmet being printed on.** The guideline minimum & maximum printable area varies dependant on helmet type, logo position and logo shape. Unless a distance from the peak/base edge of the helmet is specified by the customer, logos will be printed in the area that gives the best possible print. This can vary depending on logo size and shape. Request amendments to this proof, or approve above, by return to: logos@jsp.co.uk
