

# TEGERA® INFINITY 8814

## PRODUCT DESCRIPTION:

Cut resistant glove. 13 G CRF® Technology, Basalt fibre thread, Stainless steel fibre yarn, nylon and spandex. For heavy work. Foam grip. Single coated. Touchscreen. Cut level F. Size 6-11.

## TARGET GROUP:

- Metal fabrication
- MRO

## CUSTOMER NEEDS:

A flexible glove with highest cut-level that withstands heavy and sharp manipulation in harsh environments.

## USP:

Possibly the smoothest cut-level F glove on the market. Touchscreen capability

## COMPETITION:

- Ansell HyFlex 11-542
- Showa 257

## ROLE IN PORTFOLIO:

Covering a gap in the cut resistant portfolio. Today we can only offer a cut-level D as highest level.

## IN STOCK:

Q1 2019
