PRODUCT SPECIFICATION

REF 490700 SALVEQUICK PLASTER DISPENSER

1 GENERAL PRODUCT DESCRIPTION

Description

A dispenser for adhesive bandages (plasters) which protects the plasters from dust, dirt and moisture until time of use. When a plaster is needed it can easily be pulled out from the dispenser and applied on the wound using one hand only. The plaster refills are locked in the dispenser and to remove them it is necessary to use the red key that is delivered with the product, a feature that works as an anti-theft system.

The Medical device products inside the dispenser are CE-labelled.

Storage information

Dry storage in room temperature. For maximum protection, keep the products in original package until use.

2 DETAILED PRODUCT INFORMATION

Contant par concumar unit

Content per consumer un	IT
