

MODEL

GORE-TEX® Performance Comfort Footwear

Pleasantly dry

Optimum climate comfort thanks to water resistance and breathability. Water stays outside while perspiration can freely escape from the inside to the outside.

The ideal solution for a variety of outdoor activities in a wide range of weather conditions.

CUSHIONING

SECURA VARIO® System

The replaceable, weight and pressure dependent heel shock absorption system ensures cushioning adapted to the individual needs of the wearer. The pressure load in the shoe is reduced to a natural extent and provides targeted relief to the back. At the same time, it helps to significantly reduce fatigue and increases the ability to compensate pressure loads by the leg and trunk musculature.
