

Electrical Protection Class 00 - RIG0011Y

Ergonomically designed natural rubber insulating gloves for all-day safety and comfort

Previously known as: E087

Electrical

Light Duty

Ultimate fit, comfort and performance for electrical workers' safety and protection

- Electrical Insulating Gloves are made from natural rubber latex using a proprietary environmentally friendly dipping process for ultimate flexibility and dexterity
- Their ergonomic hand-at-rest shape and non-splayed fingers reduce hand fatigue
- The generous flared cuff allows room for clothing
- The design also features a smooth-finish for easy donning and doffing.
- Certified for resistance to acid (Category A), Ozone (Category Z) and very low temperatures (Category C)
- Applications with risk of touch voltage AC maximum 500 V (DC maximum 750)

Industries

- Automotive
- Electrical
- Construction
- Mining
- Machinery and Equipment

Applications

- Applications with risk of touch voltage
- Electrical Contractors
- Hybrid engine manufacturing and repair
- Maintenance Repairs and Operations in all industrial environments (MRO)
- Mass Transit Repair and Maintenance
- Power maintenance, repair & transmission
- Telecom repair near electrical wires

Electrical Protection Class 00 - RIG0011Y

Ergonomically designed natural rubber insulating gloves for all-day safety and comfort

Previously known as: E087

Key Features

- Performance Profile comfort
- Natural Rubber Latex for ultimate durability and flexibility
- Ergonomically-designed hand at rest shape for less hand fatigue
