

PRODUCT NUMBER: 6543019

EPIK S1P SRC

Brown Microfiber upper

no lining
100% non metallic footwear
Cemented PU outsole

Honeywell

Overview

Reference Number

6543019

Product Type

Footwear

Brand

Honeywell

Brand formerly known as

SPERIAN

Industry

- Administration
- Army - Defence
- Catering
- Food Industries
- Homeland defense
- Maintenance
- Services
- Transportation
- Utilities

Product Use

Safety shoes for professional use. An innovative and elegant design with a strong level of protection.

Features & Benefits

Feature

EN ISO 20345:2011 and SRC certified

Benefit

Ensures the best protection

Feature

Microfiber upper

Benefit

Flexibility and breathability

Feature

Exclusive design

Benefit

Looks like a traditional shoe

Feature

Leather insole

Benefit

Additional comfort

Technical Description

Sizes

EU 38 - 48 / UK 5 - 13

Midsole

Non metallic antipuncture midsole. protects 100% of the foot surface, provides flexibility and complies with EN ISO 20345:2011.

Smartium toe cap in injected polymer. Non metallic, 50% lighter than style with a thin design

Insole

Leather insole

Outsole

Cemented PU outsole

Additional Features

- SRC

Additional Information

User Manual

User Instruction EN ISO 20345 2011-Footwear-Honeywell-032012

Maintenance

Life Cycle

We advise that the footwear should be used in the limit of 3 years following the manufacturing date, which figures on the footwear. After this time limit, certain factors such as: exposure to sunlight, hydrometry, temperature changes, could cause a modification in the structure of the material, which would no longer maintain the same performance levels with regards to the requirements defined in the European Directive 89.686 CEE

Storage Information

Footwear should be stored in their original packaging, kept in a controlled stock area, not subject to rapid changes in temperature or humidity levels.

Care Instructions

After use leave your footwear to dry in an aired place away from heat. Remove any excess dust or dirt with a brush. Remove any marks using a damp cloth and soap if necessary. Finally polish any grain or pigmented leathers using a commercially available shoe care product.
