

# MTS BALLAST 2.0

SKU: 6270613

S7S HI CI FO LG HRO AN SC SR

## HEAVY-DUTY PROTECTION FOR YOUR FEET

If you work on an industrial environment where your feet are exposed to various risks every day, you know how important it is to wear the right footwear. Committed to helping workers' feet stay safe and comfortable on the job, we have designed Ballast 2.0, the new safety footwear for industrial workers from MTS.

MTS Ballast 2.0 is the result of our extensive research and innovation in the field of safety footwear. We designed the shoes to help protect feet from a wide range of hazards, such as heavy objects, sharp materials, slippery surfaces, extreme temperatures and electric shocks – while providing comfort and stability on the job.

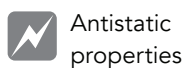

Built to meet the requirements of the latest EN standards, this new version of safety footwear incorporates a breathable and waterproof Sympatex® membrane, addition which aims to provide superior breathability, all-day comfort, improved protection, and a design that's adapted to the challenges of an industrial environment.

## FEATURES

- High-quality full-grain leather upper
- Breathable and waterproof Sympatex® membrane
- Dual density PU/Nitrile sole
- Non-metallic penetration protection insole
- Composite toe cap
- Ártico lining for increased abrasion, higher elasticity, improved heat conductivity for optimum work conditions
- Heel stiffener to reinforce the heel seat and provide optimum support to ankle region
- Ankle Protection tested to latest EN standard
- Reflective strips on the sides
- HI and CI markings: resistance to inimical environments - Heat insulation and Cold insulation of the sole complex
- HRO marking: resistance to hot contact
- Antistatic insole

MTS Ballast 2.0  
(SKU: 6270613)

Antistatic properties

Anti-puncture resistance with PS level

Ankle Protection

Composite toe cap

Resistance to fuel oil

sympatex®

Heat resistance outsole

Heel energy absorption

## TECHNICAL SPECIFICATIONS

Markings	S7S HI CI FO LG HRO AN SC SR
Sizes	35-49
Standard	EN ISO 20345:2022, S7S
EU Certificate	Tested and certified to latest EN standard: EN 20345:2022
Upper	High-quality full-grain leather upper with waterproof Sympatex® lining
Lining	Black colour full Ártico lining
Toe cap	Composite toe cap resistant to an impact of 200 Joules
Ankle Protection	Tested to latest EN standard
Mid sole	Anti-perforation, non-metallic onPROTECTOR DIAMOND, type PS
Insock	Thermoformed PU foam, Antistatic
Sole	PU/NITRILE HRO 300°C, oil resistant FO, antistatic, ESD and Heat Resistant
Energy absorption	Left: 33 J, Right: 33 J
Weight (size 42)	1,600 g - per pair
