

## Product Data Sheet for KIMTECH\* WETTASK\* ESD Roll Wiper Dispenser - Bucket / Black - 7918

### Product Information

<b>Product Long Code</b>	07918010
<b>Customer Facing Code</b>	7918
<b>Description</b>	KIMTECH* WETTASK* ESD Roll Wiper Dispenser - Bucket / Black
<b>PDS Reference</b>	17/05/2019

### Packaging Configuration

<b>Outer Pack Material</b>	Corrugated
----------------------------	------------

Icon	Dimension						Weight(kg)
	23.50	x	22.00	x	22.00	Length x Width x Height(cm)	0.61

### Product Description

Certain critical environments require very specific wiping products and dispensing systems. With this in mind, expertise and wiping technology was applied to create the Kimtech Wettask ESD-safe wet-wiping dispensing system, helping improve safety, Maximise efficiency and productivity while reducing wiping and solvent costs. The Kimtech Wettask ESD-safe wet-wiping dispensing system leads the way in protection for processes in ESD-Sensitive and Explosion risk areas. Delivering a guaranteed safe wet-wiping system to protect ESD sensitive processes. The system is certified by Keinath for use in ESD sensitive environments and approved by TÜV for use in EX-Zone 1 explosion group IIB industrial processes only when used with Kimtech Wipes. An airtight wiping system with removable lid for convenient refilling and separate centrefeed lid for easy dispensing of sheets to Control usage. It is designed for use with pre-soaked wiper rolls in ESD-sensitive and explosion risk areas where ungrounded wet-wiping dispensing solutions can lead to damage of components and risk of explosion. The fully integrated wet-wiping system enables Control of the right base sheet and solvent for specific processes. The first ESD-safe wet-wiping system, for use with even the most high risk solvents. Featuring a durable handle and hand grip the bucket has a transport lock allowing for off-site preparation to improve in-facility health and safety; electrostatic grounding via two attachment areas for grounding devices when required; a choice of inserts for easier dispensing and a visual management system for contents identification. Designed to help manage risk in electronic component manufacturing or assembly, Aerospace, Industrial manufacturing and Automotive environments. This product is sold as a case of 4 x 5 ltr black, plastic wet-wiping dispenser buckets (4 total). Dispenser size: 23.5 cm(L) x 22cm (W) x 23.5cm (D). The dispenser may be used with all Kimtech Wettask Wipes (61930, 38665, 38667, 7762, 7764, 7767, 7769). 4 x Kimtech Wettask ESD-Roll Wiper Dispenser Buckets - 5 Ltr

## Product Features

- 4 x Kimtech Wettask ESD-Roll Wiper Dispenser Buckets - 5 Ltr
- Fully integrated wet-wiping system enables Control of the correct base sheet and solvent for specific processes
- Electrostatic grounding via two attachment areas for grounding devices when required or can be used in mobile application as long as the employee is grounded
- Contents identification via visual management system
- The first ESD-safe closed wet-wiping system certified by Keinath for use in ESD sensitive areas and approved by TÜV for EX-Zone 1 explosion group IIB industrial processes only when used with Kimtech Wipes
- Compatible with: 61930, 38665, 38667, 7762, 7764, 7767, 7769
- Three-star and multi-star inserts included for easier dispensing
- Cuts solvent usage by 20% and significantly reduces solvent waste and VOC emissions
- First wet-wiping dispensing system designed for ESD-Sensitive areas.
- Transport lock allows for off-site preparation to improve in-facility health and safety

## International Standards and Symbols

### Solution

#### Productive Workplace

The success of your business hinges on your work efficiency. That's why our solutions are designed to help improve your productivity.

#### Efficient Workplace

Helps drive continuous improvement in operational efficiency, safety and occupational health for Automotive, Aerospace and Metal Manufacturing industries.

### Trade

#### Eurasian Product Compliance - Declaration

Eurasia Trade Agreement ( Belarus/Russia/Kazakhstan), Applies to Safety Products & Dispensers/Disposers  
A Certificate or Declaration are available if indicated here. This supports the cross sale within these countries without extra documentation

**Declaration of Compliance for EAC**

#### ISO 9001

This gives the requirements for quality management systems, is now firmly established as the globally implemented standard for providing assurance about the ability to satisfy quality requirements and to enhance customer satisfaction in supplier-customer relationships.
