Overview

Reference Number

1028457

Product Type

Hearing Protection

Range

Earplugs

Line

Reusable Earplugs

Brand

Howard Leight by Honeywell

Brand formerly known as

HOWARD LEIGHT

Industry

- Industry • Administration • Agriculture • Army - Defence • ATEX environment
- Automotive and Part Manufacturer • Aviation • Building and Construction • Catering
- Chemical Industries • Energy or Electricity • Fire Protection brigades • Fishing • Food Industries
- Foundry • Glass Industries • Green Spaces • Homeland defense • Industrial Cleaning
- Iron and steel industry • Laboratory • Logistics • Maintenance • Medical and Pharmaceutical
- Metal steel • Mining and Quarrying • Offshore • Paper Industries • Petro-chemical
- Printing Industries • Services • Ship Building • Telecoms • Textile Industries • Transportation
- Utilities • Water treatment • Welding • Wood Industries

Product Use

Multiple-Use Earplug

Features & Benefits

Feature

NO-ROLL DESIGN Easy to handle and fit in the ear canal. **BUILT-IN INSERTION STEM** Makes insertion quick and easy. **CONTOURED SHAPE** Comfortably matches contours of the ear canal. **SMOOTH, NON-IRRITATING SKIN** Provides all day comfort, easy to clean for long-term use.

Benefit

For great protection and comfort from a reusable earplug, Quiet provides consistent attenuation for all-day wear. Quiet requires no rolling – its built-in flexible stem adds in ease of insertion and immediate comfort. Its smooth, non-irritating skin provides all-day comfort and is easy to clean up with soap/water for extended wear.

Additional Information

User Manual
Instruction Manual - Quiet (global)

Maintenance

Life Cycle
We recommend replacement every 2-4 weeks.

Storage Information
All earplugs should be stored before and between usages in a way that protects them from dirt, grease, and other contaminants.

Care Instructions
Our reusable earplugs may be washed in warm water and allowed to air dry. Washing may be repeated several times, but we recommend replacement every 2-4 weeks. Hydrocarbon based solvents, such as alcohol, should not be used to clean reusable ear plugs. The use of such solvent based cleaners may cause reusable plugs to soften, swell, and weaken with time. Additionally, with extended use, reusable plugs must be regularly inspected for serviceability.
