Nitrotough N3500, PF, FD, SC

DESCRIPTION

- Industrial protective glove.
- Nitrile coating supported glove.
- Available in 4 versions :
- 3/4 dip (N3500)
- palm fit (N3500 PF)
- Fully dipped (N3500 FD)
- safety cuff (N3500 SC)
- 5 sizes available : 7, 8, 9, 10 and 11 (only N3500 & N3500 PF).
- Trade unit 12 pairs, 144 pairs in a transit case.

CHARACTERISTICS

- Mediumweight 13 gauge seamless knitted glove.
- Liner made from high performance fibre, using
- Techcor® Knitting Technology.
- Nitrile micro finishing.Elastic knit wrist to ensure snug fit.
- 21CFR (USA) and European directives compliant for food contact.

PERFORMANCES

- Excellent abrasion performance.
- Good blade cut resistance.
- Very good grip properties due to the nitrile micro finishing of the coating.
- Flexible and comfortable.
- Coating resistant to residual oils and greases present on the handled parts.
- Allow handling of hot parts up to 100°C.
- In conformity with the standards EN420+A1 (General requirements), EN388 (Mechanical hazards) and EN407 (Thermal risks) by the notified laboratory CTC.

APPLICATIONS

- For fine tactile handling needing a very good protection against cuts.
- Applications: sharp components handling, fitting and assembling works, quality control, automotive industry and glass industry.

LIMITATIONS

- Do not use for full liquid immersion.
- Do not use with a rotating machine in which glove may get caught.

This glove is certified to comply with the essential requirements of European Directive EEC/89/686 of December 21rst, 1989 relative to personal protective equipment submitted to CE type examination issued by a notified laboratory, who certifies the conformity of this glove with the EN standards to which it responds and certifies the performance levels obtained during tests.

EN 388 Mechanical hazards

> EN 407 Heat and fire
