DESCRIPTION			
Master glove made of lambskin leather ensuring user-optimized dexterity and grea flexibility. The elastic band on the back of the wrist guarantees comfort during wear Ideal for fine handling, precision engineering and assembly work. Recommended environment.	ring.		
SECTORS APPLICATIONS EXAMPLES			
Mining       - Automotive industry, electror         fine dry handling, precision	nics,		
Second work mechanics, assembly of small p	parts.		
Infrastructure, building industry Transport and logistics			

# MO2310

#### **TECHNICAL FEATURES**

**Fabrics** 

Type Of Cuff Construction Master glove in full grain lamb leather Straight cut Cut and sewn

Supplement information 2

**Exterior Finish** 

Elastic wrist band at the rear of the wrist Smooth

## INSTRUCTIONS FOR USE AND STORAGE

#### Instructions for use :

- It is recommended to pre-test the gloves, as the actual conditions of use may differ from those of the "EC" tests. Performance levels are only guaranteed on the palm of the glove when new.

- Wear gloves on dry, clean hands.

- Do not use gloves in contact with a chemical product for longer than the measured permeation time. Refer to the website www.europrotection.com

- In use with a dangerous liquid, turn the cuff edge over to prevent drops from falling on the arm.

#### Storage instructions :

- Keep gloves away from light, moisture and sources of heat.

Cleaning instructions :

- The washing of the gloves varies according to the materials of the product. See the recommendations on the package leaflet.

## LEGISLATION

This glove conforms to the personal protective equipment model covered by the EC type-examination certificate. **7876 Issue 2**. Delivered by **SATRA (321)**.
