## CUT PROTECTION GLOVE LEVEL 4

PPE Category II

Sizes : 7 to 10

**Automotive manufacturing and supply industry**

**Metal manufacturing and processing industry**

**Glass manufacturing and processing industry**

**Engineering industry and industrial maintenance**

**Building and public works**

Glove in 100% para-aramid / cotton fleece with a 3/4 blue nitrile coating. Fabric cuff of 10 cm with nitrile coating.

## THE + PRODUCT

### SEALING

The nitrile coating on the palm and the back of the hand confers to the glove NITRAPLUS an excellent tightness.

### RESISTANCE

The NITRAPLUS combines the cut resistance of a para-aramid fleece and the resistance to abrasion of a nitrile coating.

### REINFORCEMENT

The reinforcements between thumb and index, and on palm offer a very good blade cut resistance.

### SPECIFICATIONS EN 388

Resistance to abrasion :

Blade cut resistance :

Tear resistance :

Puncture resistance :
