## CUT PROTECTION GLOVE LEVEL 5

PPE Category II

Sizes: 6 to 11

**Automotive manufacturing and supply industry**

**Metal manufacturing and processing industry**

**Glass manufacturing and processing industry**

**Engineering industry and industrial maintenance**

**Assembly works**

**Building and public works**

Seamless knitted glove (gauge 13) with elastane in 100% high density polyethylene filament, mineral filament and 100% grey texturized polyamide thread. First 3/4 coating in blue waterproof nitrile, second coating on the palm in micro-alveolate black nitrile, elastic wrist.

## THE + PRODUCT

### RESISTANCE

The knitted glove with 100% high density polyethylene filament, combined with a nitrile coating, provides an excellent resistance to blade cut and to abrasion.

### GRIP

The micro-alveolate coating acts like thousands of micro suction pads; this provides an exceptional grip on dry, wet and oily parts.

### SEALING

The nitrile coating offers a good sealing against humidity, oils and grease

#### SPECIFICATIONS EN 388

Resistance to abrasion :  
Blade cut resistance :  
Tear resistance :
