

# Ultrane 553

## > Unbeatable for fingertip precision in dirty environments

- Excellent abrasion resistance: longer-lasting
- Nitrile coating resistant to dirt particles
- Excellent tactile sensitivity and freedom of movement, due to the reduced thickness of the glove

### Automotive/mechanical industry

- Precision assembly
- Pump manufacturing
- Screwing and bolting
- Sorting small parts

### Construction Industry (Metalworkers/Locksmiths)

- Handling and installing metal structures

### Construction Industry (Painters/Decorators)

- Preparing surfaces

### Local Authorities (Technical Maintenance)

- Small general maintenance jobs

### Other industries

- Light handling in storage areas
- Minor maintenance Tasks
- Packaging

Cat. 2

4121

Ultrane	553
Material	Nitrile
Length (cm)	21-26
Thickness (mm)	-
Wrist	Knitted wrist
Colour/Color	Black
Interior finish	Seamless textile support
Exterior finish	Ventilated back
Size / EAN	7 8 9 10
Packaging	1 pairs/bag - 10 pairs/bag - 100 pairs/carton
