### Main advantage

- ✓ Cotton liner: provides the comfort of a natural material that facilitates the absorption of perspiration and does not irritate the skin.
- ✓ Thick and high quality interlock unchanged since many years. A safe bet!
- ✓ ISO9001 certified manufacturing guarantees the reliability and consistency of production.
- ✓ Fourchettes pattern: this construction gives relief to the fingers (gusset) for a perfect fit of the glove onto the contours of your hand. It thus offers good dexterity and comfort to the user for fine manipulations. It is however advisable to choose the right size.
- ✓ Can also be used as inner insulating glove (hot-cold).

Small parts  
handling in
