

# Kronit 387

## > Ultimate cut protection for heavy handling in oily environments

- Excellent cut resistance (palm, thumb and index made from para-aramide fibres)
- Protection against humidity, and good resistance to oils and greases due to nitrile coating
- Good resistance to puncture and abrasion

### Mechanical industry

- Cutting and stamping metal
- Handling aluminium strips
- Handling sharp sheet metal
- Working with hot, sharp and oily parts

### Environment

- Sorting metal and plastic waste

### Specific features

The 387 offers high levels of protection. It's a longer glove with the thumb, index and palm made from para-aramide fibres, with a reinforced HDPE band across the palm for better resistance when used during intensive handling.

Kronit	387
Material	Nitrile
Length (cm)	31
Thickness (mm)	-
Wrist	Straight cuff
Colour/Color	Green

Exterior finish	Pebbled
Size / EAN	7 9
Packaging	1 pair/bag - 10 pairs/carton

Cat. 2

4532

ISO 13997 :

12 N (1223 g)

X1XXXX
