Welding works

5 fingers natural cow grain leather glove, back in heatproof split leather. Glove lined with 100% para-aramid and high tenacity fiber seamless knitted glove, 10 gauge. Cow split leather cuff of 15 cm.
100% para-aramid sewing thread.

THE + PRODUCT

RESISTANCE

The 100% para-aramid knitted glove associated with the natural cow split leather provides an excellent cut resistance and an outstanding resistance to abrasion.

PROTECTION

The heatproof split leather provides an excellent protection of the back of the hand against the risks of welding splashes.

STABILITY

The knitted lining is attached to the leather glove, which provides an excellent stability to the GT350.

SPECIFICATIONS EN 388

Resistance to abrasion :

Blade cut resistance :

Tear resistance :

Puncture resistance :
