

■ SFE491B - SFE493B

➔ LV Circuit-breaker lock-out

➔ USE

Fits all type of breaker toggle.
Narrow profile for side-by-side breaker lock-out.
Accepts all safety padlock shackles and lockout hasp diameters.

➔ SPECIFICATIONS

Durable construction with powder coated steel and reinforced polymer for operation in harsh environments.

➔ ADVANTAGES

Secure and simple mounting for solid lock-out.
Adjusts to breaker with simple thumb turn and then close clamping handle for a tight grip on the toggle.
Compact device easy to transport and store.
