Automotive manufacturing and supply industry

Metal manufacturing and processing industry

Rubber manufacturing and processing industry

Engineering industry and industrial maintenance

Building and public works

Glove with a palm reinforcement in natural cow grain leather, back in cow split leather.
15 cm cotton canvas cuff.

THE + PRODUCT

SOFTNESS

The quality of the grain leather and of the natural cow split leather associates both softness and resistance.

REINFORCEMENT

The reinforcement in natural cow grain leather in the palm improves the puncture resistance of the FDP/N.

COMFORT

The return on the index provides a good comfort because there is no seam along this finger.

SPECIFICATIONS EN 388
