

**PRODUCT NUMBER: 6551607**

## **Spice S1P HI CI SRC**

Ventilated mesh and full grain leather, Poromax Lining, padded ankle collar. 100% metal free. PU/Rubber outsole. 35-42

**Honeywell**

### Overview

**Reference Number**

6551607

**Product Type**

Footwear

**Range**

Temptation

**Line**

Women

**Brand**

Honeywell

**Brand formerly known as**

SPERIAN

**Industry**

### Features & Benefits

**Feature**

100% metal free model

**Benefit**

lightness

**Feature**

EN ISO 20345:2011 and SRC certified

**Benefit**

Ensures the best protection

**Feature**

Poromax lining

**Benefit**

comfort, breathability

**Feature**

Bidensity insole

**Benefit**

hygiene and shock absorption

## Technical Description

**Sizes**

35-42

**Midsole**

Non metallic antipuncture midsole. protects 100% of the foot surface, provides flexibility and complies with EN ISO 20345:2011.

**Upper**

Ventilated mesh

**Toe Cap**

Smartium toe cap in injected polymer. Non metallic, 50% lighter than style with a thin design

**Insole**

Bi density insole for comfort

**Outsole**

PU/Rubber outsole. SRC performances

**Additional Features**

- CI
- HI
- SRC

## Certifications

**E.C. Declaration of Conformity****EC Category PPE**

2

**EC Attestation**

EC Attestation

## Maintenance

**Life Cycle**

We advise that the footwear should be used in the limit of 3 years following the manufacturing date, which figures on the footwear. After this time limit, certain factors such as: exposure to sunlight, hydrometry, temperature changes, could cause a modification in the structure of the material, which would no longer maintain the same performance levels with regards to the requirements defined in the European Directive 89.686 CEE

**Storage Information**

Footwear should be stored in their original packaging, kept in a controlled stock area, not subject to rapid changes in temperature or humidity levels.

**Care Instructions**

After use leave your footwear to dry in an aired place away from heat. Remove any excess dust or dirt with a brush. Remove any marks using a damp cloth and soap if necessary. Finally polish any grain or pigmented leathers using a commercially available shoe care product.
