

ACCESSORIES

In addition to its range of soles, socks and over-socks, JLF PRO offers a range of accessories and care products for feet and shoes.

LACETS

Extra-strong technical laces.

Our extra-strong laces come in leather, round or flat polyester and waxed cotton (NF G07 002 and EN ISO 22 774 compliant).

Our fire-resistant laces are for safety/firemen's shoes (EN 15090§7.3 compliant) and can be used close to incandescent materials and/or exposed to strong heat sources.

Most safety shoes are fitted with black polyester 90cm or 120cm laces.

Contact us for delivery times and colours.

Packed in boxes of 100 loose pairs (VR) or 20 pairs in individual bags (VS).
