

Peltor™ Optime I Passive Earmuff

Product Description:

The Peltor Optime I range of passive earmuffs are available in headband, neckband or foldable version. These products are designed to provide a moderate level of attenuation that meets the needs of the majority of industrial applications. When correctly selected and worn, these products help reduce exposure to hazardous levels of noise and loud sounds.

Key Features:

- Modern, stylish slimline cup design
- Liquid sealing rings for improved comfort
- Unique low profile headband design helps maintain constant pressure thus providing confidence in protection
- Large space inside cup helps reduce moisture and heat build-up
- Soft wide cushions helps reduce pressure around the ears and improves comfort and wearability
- Easy to replace cushions and inserts helps keep them hygienically clean
- Easy to understand attenuation symbol to help ensure correct product selection

Standard & Approval

The Peltor Optime I range earmuffs are tested and CE approved against the European Standard EN352-1:1993 . These products meet the Basic Safety Requirements as laid out in Annex II of the European Community Directive 89/686/EEC. These products have been examined at the design stage by the Finnish Institute of Occupational Health (FIOH), Topeliuksenkatu 41 a A, FIN-00250 Helsinki, Finland (Notified Body number 0403) and INSPEC International Limited, 56 Leslie Hough Way, Salford, Greater Manchester M6 6AJ, UK (Notified Body number 0194).
